

Minutes GPICA Directors' Meeting 2/26/2020

Present were President Wilkinson, VP Slimak, RS Perkins, Directors Brush, Stober, Fox, Memoli, Bringe and Wood. Member Andress also attended.

The meeting convened at 1PM.

1) The numbers from the updated feasibility study are confusing. Wilkinson and Andress will get ahold of Joe Mazurkawitz and have him come to our next Directors' Meeting to explain them.

2) Andress contacted the County about the oversized sign that the new Publix plans on installing. It is approximately twice the size of what the PI Plan allows. The County told Noel that new state legislation allows it. Wilkinson will contact the developers of the new Publix and urge them, as good neighbors, to comply with the dimensions set out in the PI Plan.

Adjournment was at 1:50PM
